Barrie Crane Training Schools

Barrie Crane Training Schools - Our various Mobile Crane Operation programs are designed for skilled operators who requires re-certification or certification, and for inexperienced people who are seeking their first work as a crane operator. Business demand for crane operators who are certified is high throughout the country. Positions for crane operators are in demand due to their high pay. Crane operators are among the highest paid of whichever operator of heavy machinery.

Our Crane Training Schools feature training and instruction for various mobile cranes. Course subject comprises Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging.

The Crane Training School program is best for riggers, supervisors and operators. Course materials comprise a manual and informative hand-outs. The safety instruction manual that is illustrated consists of one hundred to two hundred fifty pages, depending on the course, of useful and vital material. Course materials comprise load charts and load chart exercises for the crane with which the trainee is working.

Hands-On Safety Training would take up over half of the course curriculum. The practical training part is the most helpful method to developing and improving personal skill levels. Only experienced journeyman crane instructors are chosen to teach the courses. Our instructors have numerous years of experience in the business.

For all the course we offer, we can include optional testing mechanisms to customize your training. A skills test is usually administered for programs that consist of H.O.S.T. Trainees would be graded and tested.

We offer certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; Testing & Certification; and In-The-Seat Training.
